## APPENDIX 1 – OBLIGATIONS UNDER THE GIPA ACT

### 1. REVIEW OF PROACTIVE RELEASE PROGRAM - CLAUSE 7(A)

Under section 7 of the GIPA Act, agencies must review their programs for the release of government information to identify the kinds of information that can be made publicly available. This review must be undertaken at least once every 12 months.

Our agency's program for the proactive release of information involves:

- a. Review of information held by the agency that may be of interest to the public (that is not already released proactively);
- b. Review of GIPA applications (informal and formal) received to see what categories of information are requested;
- c. Reviewing the information produced in the last year that may be of interest to the public to release proactively.
- d. Review the initiatives, developments or projects relevant to our LHD that we would like to the public to know about.

During the reporting period, we reviewed this program by:

- Asking staff about the information that is frequently being asked for.
- Reviewed other Local Health District's websites to see what information they are proactively releasing.
- Review the disclosure log (and the specific GIPA applications) to see the main types of information asked for.
